# Pedestrian Crosswalk Indicator

Pedestrian Crosswalk Indicators are manufactured using 3M™ Reflective Sheatings along with a durable, lightweight fluorescent yellow green safety post to highlight crosswalk areas providing outstanding visibility day and night.

Pedestrian Crosswalk Indicators are available in 2 different legends - Yield to Pedestrian and Stop for Pedestrian - both which meet MUTCD standards. Pedestrian Crosswalk Indicators are available in single or doubled sided kits, sold assembled and mounted on plastic, aluminum or ALPOLIC®.

## Product Information

PART NUMBER	SIGN KIT	SIDES
SR1-61236DHASFLXKIT	YIELD TO PEDESTRIAN	1
SR1-61236DHADFLXKIT	YIELD TO PEDESTRIAN	2
SR1-6A1236DHASFLXKIT	STOP FOR PEDESTRIAN	1
SR1-6A1236DHADFLXKIT	STOP FOR PEDESTRIAN	2

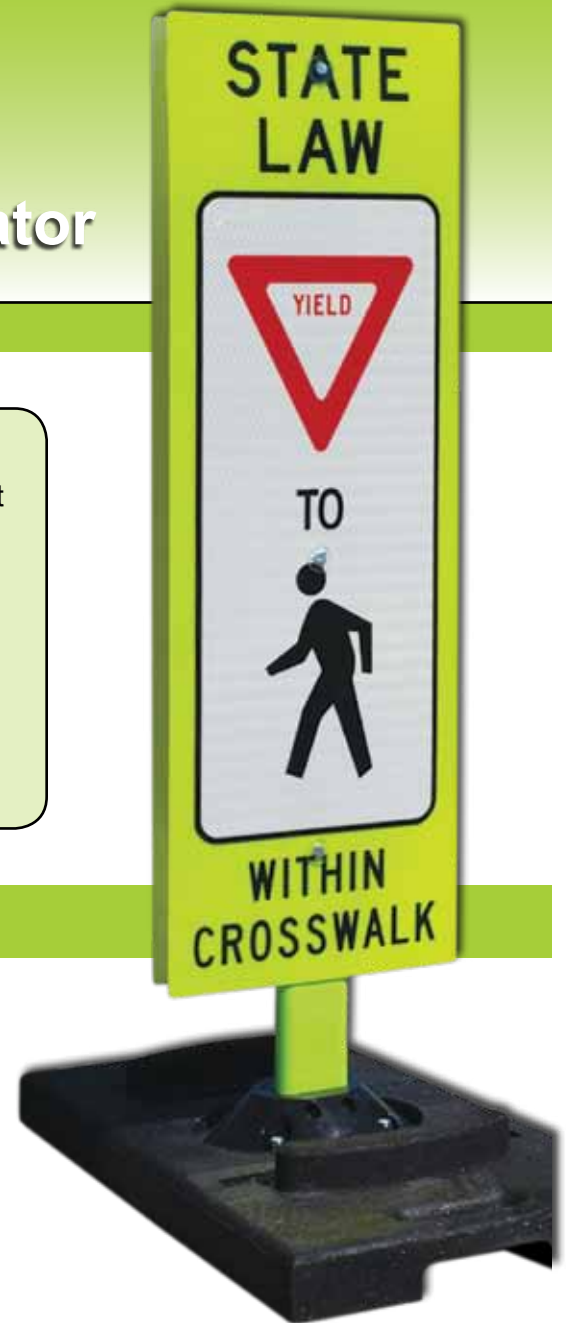

Pedestrian Crosswalk Indicators kits come with a surface mount base for fixed applications where the post and sign will remain on the surface for an extended period of time. Available upon request is a portable rubber base which is engineered for demanding applications because it has the weight to support the larger crosswalk signs. An added convenience of this base is the recessed handle, making transport easy.

Surface Mount Base

Portable Rubber Base

Kit includes 1 or 2 signs, flexible post and surface mount base. Sold assembled.
